"The public has been
brainwashed to believe
that any kind of ec-
-centric behavior is "art"
and the more fur out
and strange it gets the
more original it is.
Conversely the public
has been led to believe
that it is wrong to use
illusionist imagery to
make art. In fact surre-

a mythology of

more with art, as it is
now, is this necessity for
having the public on its
side. Under the circumstances
it was at least a little
better: the sanction of a
single person, or of a
small clique was suf-
ficient. Just a crowd, but
in smaller numbers.
O'HANNU is not very de-
mocratic.

M.D. you know; will be
thought a reactionary and
a fascist - - - but I don't
give a damn; the public
makes anything I write
indifferent. For I have nothing
to do with democracy.
