Man filosoferer i loka for at skrive
filosofiske værker, man for at filosofere.

Man maler i loka for at ~~have~~
lave malerier, man for at male.

LAK?

Billeder som er i flere dele - d.v.s. flere centre inden for samme vægareal. (billedserie?) Lille rumbe (ulpa væg) men ulene strækblende sig over flade. Øjet flytter sig altså ikke inden- for en ramme, men over et væg-areal.
